Important for Ottoman and other gas lift beds

Please follow these final steps to ensure the best experience with your new bed

- Please ensure the pistons are fitted to the bed frame.
- Please place the mattress on top of the bed frame.
- Standing at the foot of the frame (looking at the headboard) open the base and the press quite forcefully down on the mattress – please do not attempt to do this without the mattress being in place.
- Please do not pull on the strap handles.
- Please note as the pistons are full of gas – you will need to press heavily to release the compressed gas.
- Once done the pistons should start operating as normal.

Please dispose of all packaging safely.

General Care & Maintenance

Wipe clean with a slightly damp cloth.

Avoid the use of all household cleaners and abrasives.

Periodically check all screw & fixings to ensure they are secure.

When moving your product, carefully lift into place. Never drag or push the pieces across the floor as this will cause damage to the joints and could result in failure to the product that will invalidate the warranty.
