## Assembly Instructions

## Max Bunk Bed

## Important before assembly:

Read these instructions carefully before assembling or using the product.
Please check the contents of the boxes before attempting to assemble this product. The instructions will have a checklist of parts and fittings.

It would be sensible to lay a rug or a carpet on the floor where you intend to assemble the product, to avoid scratches and damaging the product or the floor.

Assemble the product as close to its intended final location/room as possible.
Do NOT use any power tools as this may damage the frame.

## Health \& Safety:

This product or some parts of this product will be heavy. Please use an assistant when lifting.
Please keep small parts out of reach of children.
Always use on a level, even surface.
DO NOT jump on the product or any of its parts.
DO NOT use this product if any parts are missing, damaged or worn.
DO NOT use this product unless all fixings are secured.

This product or some parts of this product will be heavy. Please use an assistant when lifting.

Never drag or push the pieces across a hard or stone floor as this will cause damage to the joints. Use a carpet or a rug for extra care.

If you have problems assembling or have damaged or missing pieces, please contact us by visiting:

## Important for High Sleepers, Bunk Beds and Childrens Beds

## Warning:

High sleepers and the upper tier of bunk beds are not suitable for children under 6 years of age due to risk of injury from falls.

High Sleepers and Bunk Beds present a risk of injury from strangulation if used incorrectly. Never attach or hang anything on any part of the bed that is not designed to be used with the bed, for example, but not limited to ropes, strings, cords, hooks, belts and bags.

Children can become trapped between the bed and the wall, a roof pitch, the ceiling and other pieces of furniture (e.g. wardrobes). To avoid risk of serious injury, the distance between the top safety barrier and any adjoining structure shall not exceed 75 mm or shall be more than 230 mm .

Maximum thickness of a mattress on the top tier is 18 cm . Please refer to the label or marking on the headboard.

This bed has been tested by an independent laboratory and is in compliance with BS EN 747-1 : 2012+A1:2015 - Standard Consumer Safety specification for bunk beds \& high sleepers.

## IMPORTANT INFORMATION

WARNING: Do not place this child's bed near heat sources, windows and other furniture

- Children are likely to play, bounce, jump and climb on beds, therefore the child's bed should not be placed too close to other furniture or windows and should be placed either tight to any wall or have a gap of 300 mm between the wall and the side of the bed.

WARNING - High Beds and the upper bed of bunk beds are not suitable for children under six years due to the risk of injury from falls.

WARNING - Bunk beds and high beds can present a serious risk of injury from strangulation if not used correctly. Never attach or hang items to any part of the bunk bed that are not designed to be used with the bed, for example, but not limited to ropes, strings, cords, hooks, belts and bags.

WARNING - Children can become trapped between the bed and the wall, a roof pitch, the ceiling, adjoining pieces of furniture (e.g. cupboards) and the like. To avoid risk of serious injury the distance between the top safety barrier and the adjoining structure shall not exceed 75 mm or shall be more than 230 mm .

WARNING - Do not use the bunk bed/high bed if any structural part is broken or missing.
It is recommended that you always follow the manufacturer's instructions to assemble this product.
Always follow the manufacturer's recommended mattress size, as per these instructions and the bunk bed / high bed maximum mattress height marking on the item:

Recommended Mattress Size: 91 cm W x 190cm (UK Single) with Maximum Depth of 18.0 cm
It is necessary to frequently ventilate the room in order to keep the humidity low and to prevent mould in and around the bed.

Please periodically check all the fixings of the item and re-tighten when necessary.
This item conforms to British and European Safety Standards:
EN747:2012 + A1:2015 and BS8509:2008 + AI:2011
These labels are not to be removed

Ladder Assembly

Your Bed is Now Ready for Use

## Did you know?

## You can split the bunk bed into two single beds or the L-Shape Midsleeper in a matter of minutes.

(Please see our Max Two Single Beds or the L-Shape Midsleeper manual for the instructions)

Please dispose of all packaging safely.

## General Care \& Maintenance

Wipe clean with a slightly damp cloth.
Avoid the use of all household cleaners and abrasives.
Periodically check all screw \& fixings to ensure they are secure.
When moving your product, carefully lift into place. Never drag or push the pieces across the floor as this will cause damage to the joints and could result in failure to the product that will invalidate the warranty.
