**COMPLETE**

### WARNING:

Take care when assembling the base, assemble the ottoman as closed to its final position. The Ottoman has a powerful mechanism and after assembly should only be closed and opened when the mattress is in place.

## **General Care**

Wipe clean with a slightly damp soft cloth.

Avoid the use of all household cleaners and abrasives.

When moving your furniture, carefully lift into place. Never drag or push the pieces across the floor as this will cause damage to the joints and could result in failure to the product that will invalidate the warranty.

## **Recommendations**

Periodical re-tightening of fixings

## **Warning**

This bed frame is heavy. Please use an assistant when lifting.

## **Notes**

We've tried to make this bed frame as easy to assemble as possible. In the unlikely event that you have problems putting it together or damaged or missing pieces, please contact your retailer directly you purchased it from who will be able to resolve any issues.

When've correctly adjusted the centre support leg on this bed frame should be raised by 5mm from the floor with added weight of the mattress and bedding.

This bed may fail if it is used on a wooden floor WITHOUT the use of non-slip pads on all the support legs and bed posts.

If the bed is to be moved, carefully lift the bed frame rather than dragging to ensure that the centre legs do not become twisted and buckle.

## Important for Ottoman and other gas lift beds

**Please follow these final steps to ensure the best experience with your new bed**

- Please ensure the pistons are fitted to the bed frame.
- Please place the mattress on top of the bed frame.
- Standing at the foot of the frame (looking at the headboard) open the base and then press quite forcefully down on the mattress – please do not attempt to do this without the mattress being in place.
- Please do not pull on the strap handles.
- Please note as the pistons are full of gas – you will need to press heavily to release the compressed gas.
- Once done the pistons should start operating as normal.

Please dispose of all packaging safely.

## General Care & Maintenance

Wipe clean with a slightly damp cloth.  
Avoid the use of all household cleaners and abrasives.

Periodically check all screw & fixings to ensure they are secure.

When moving your product, carefully lift into place. Never drag or push the product across the floor as this will cause damage to the joints. If the product is used on hard flooring, such as wood or laminated floor, you must place some protection under the legs to stop the product from moving. If this is not adhered to, it could result in failure to the product that will invalidate the warranty.
