▪ Always clear and empty the product before dismantling.
▪ Do not use this bed if any part is broken, torn or missing.
▪ Do not use this product unless all fixings are secured.
▪ Always use on a level, even surface.
▪ Only adults should assemble this product.

Make sure the bed is not placed too close to other furniture, windows, blind cords, curtain pulls or other strings and cords due to children bouncing, jumping and climbing the bed. Like all children's beds, they present a risk of injury from strangulation if used incorrectly. Never attach or hang anything on any part of the bed that is not designed to be used with the bed, for example, but not limited to ropes, strings, cords, hooks, belts and bags.

Children can become trapped between the bed and the wall and other peices of furniture (e.g. wardrobes). To avoid risk of serious injury, we recommend you place the bed tight to a wall or have at least 250mm between the wall and the bed.
